QUALIFICATION SYSTEM PAN AMERICAN GAMES, TORONTO 2015

With a share of athletes established in 156, the classification system is as follows:

1. The 6 modalities will qualify by teams: Men Saber, Women Saber, Men Epée, Women Epée, Foil Men and Women.
2. Will classify 7 teams at the Pan American Championships in Santiago de Chile 2015, plus the team of the host country (Canada) for a total of 8 teams comprised of three athletes each, the substitute may be an athlete from another weapon.
3. If at the Pan American Championships 2015, a team of the country hosting the Pan American Games 2015 is located between the first 7 places, will be removed and raise the country in the eighth position, thus qualifying.
4. The places obtained in the team events will remain for classifications in the Pan American Championships 2015.
5. In the individual competition of the 2015 Pan American Championships, in addition to the classifieds teams, the two best athletes classify in each event located exclusively from countries not classified by teams in each modality, with different countries. If no have individual participants from countries that do not compete in teams, the Pan American Fencing Confederation will make the corresponding allocation.
6. In every single competition of the Toronto 2015 Pan American Games, two athletes per country participate in all modalities of countries classified by teams and two athletes who have qualified in the individual event of the 2015 Pan American Championships of each modality, making a total of 18 athletes by modality.
7. The system of competition at the Pan American Games 2015 will be 3 poules of 6 fencers in each modality, making direct eliminations corresponding under the rules of the FIE. This system will participate 10 different countries in each modality.
